Now Wi-Fi enabled

UP TO 80% CHEAPER TO RUN THAN DUCTED REVERSE CYCLE AIR CONDITIONING*

“Seeley International never stops striving to innovate and build the world’s most energy efficient heaters and air conditioners.

It is this commitment to excellence that’s at the heart of everything we do.”

Frank Seeley AM, DUniv Flin, FAICD
Founder and Executive Chairman

AWARD WINNING

Seeley International consistently wins awards each year for new product design, innovation and the environment.

Recent awards include:

LOWEST RUNNING COST IN AUSTRALIA

Cool your whole home from the cost of running a single light globe

AUSTRALIAN MADE

Built in Australia to withstand the harshest climates

QUIET TO RUN

Ask your dealer for a demonstration – see if you can hear how quiet it is

BUILT TO LAST

Quality that lasts – 7 year comprehensive warranty**

LOW MAINTENANCE

Innovative design for minimal long term cost

FRESH, COOL CLEAN AIR

Delivers fresh, outside air – not stale recycled air

TECHNOLOGY THAT PUTS YOU IN CONTROL

Available with the touch screen MagIQtouch® controller

LIFESTYLE

Perfect for alresco living, with options for security vents for when you’re out and about.

NATA TESTING

NATA accredited test results substantiate superior product performance.

* Refer to page 5. **The 7 year comprehensive warranty is available exclusively (i.e. only) from Seeley International participating dealers. The warranty has terms and conditions, including the requirement for servicing of the product in accordance with the owner’s manual. In the fourth year the service must be performed by Seeley International or its appointed nominee.

UP TO 80% CHEAPER TO RUN

Breezair is the world's first inverter evaporative air conditioner and that means lower energy usage and running costs.

With energy prices escalating, evaporative air conditioning has a significant edge on reverse cycle, when it comes to energy efficiency, performance and easy living.

LOWEST RUNNING COST IN AUSTRALIA

Up to 80% cheaper to run than ducted reverse cycle air conditioning*

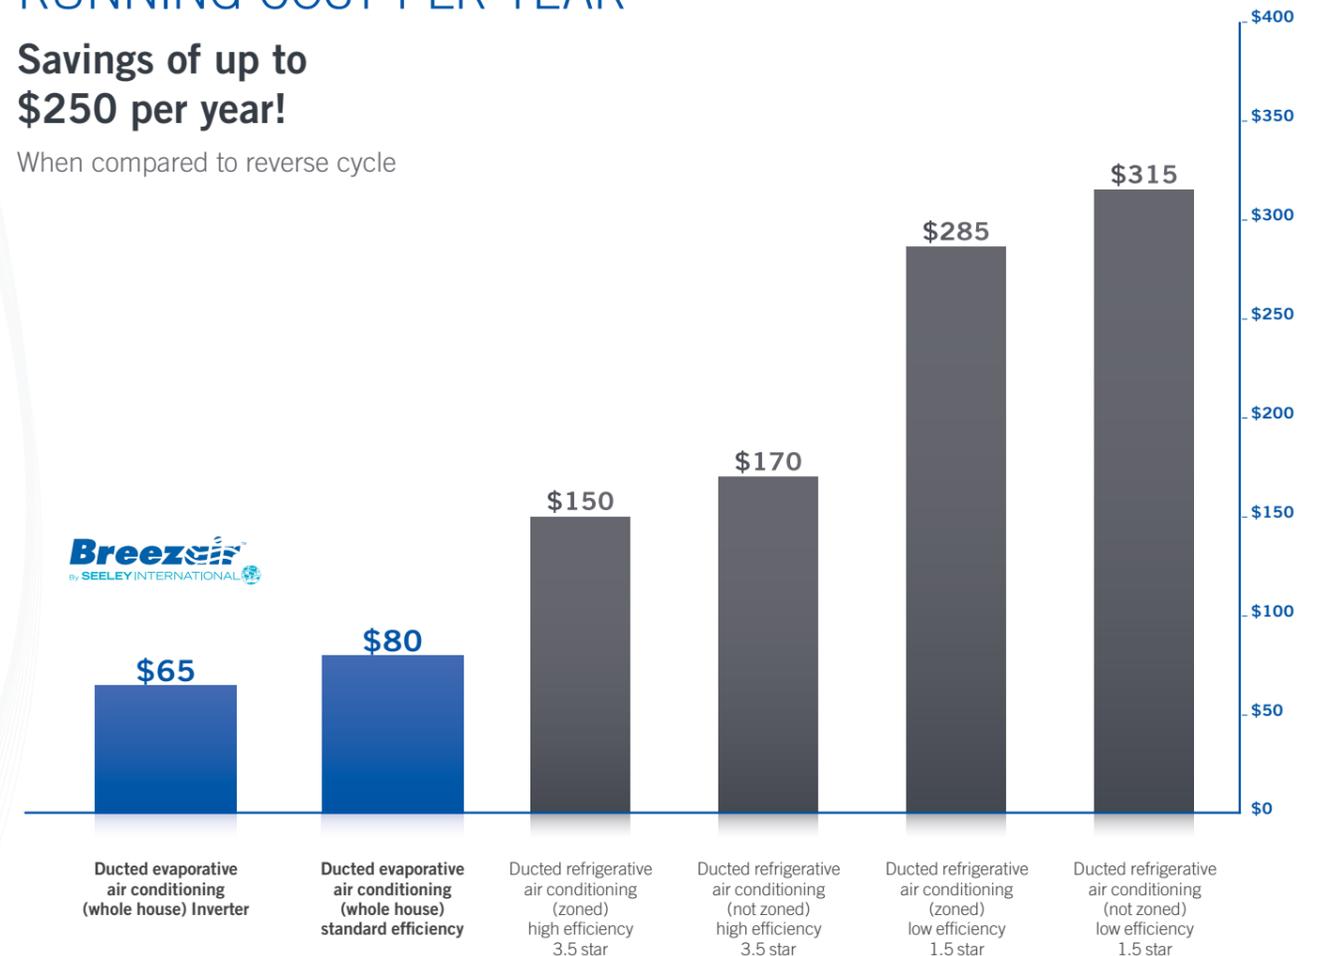

ENERGY EFFICIENT

Better for your pocket and for the environment

RUNNING COST PER YEAR*

Savings of up to \$250 per year!

When compared to reverse cycle

*Based on approximate running costs figures from publicly sourced data. Comparison with 2 star not zoned ducted refrigerative system in a large size (220m²) 2-star pre 2005 house in a Melbourne climate, cooling all day on the weekend and in the morning and evenings when internal temperatures are high.

LOW WATER USAGE

MINIMAL WATER USAGE

Breezair evaporative air conditioning uses up to 83% less water over summer than a shower.*

*Water use calculations for shower are based on shower water use for 4 people, 10 mins per person per day at 9L/min, over three months, calculated at 32,400 L. Water use calculations for Braemar evaporative air conditioning over three months are 5,405 L.

BETTER FOR THE ENVIRONMENT

Every time a customer chooses a Breezair evaporative air conditioner over a refrigerated system, the benefits for the environment are significant.

The power consumption of just one ducted refrigerated air conditioner can result in up to 1.4 tonnes of harmful CO₂ being pumped into the atmosphere each year. On the other hand, Breezair evaporative air conditioners are so efficient, they produce less than one tenth of this volume.**

By choosing Breezair, you can help reduce the amount of harmful greenhouse emissions entering our environment.

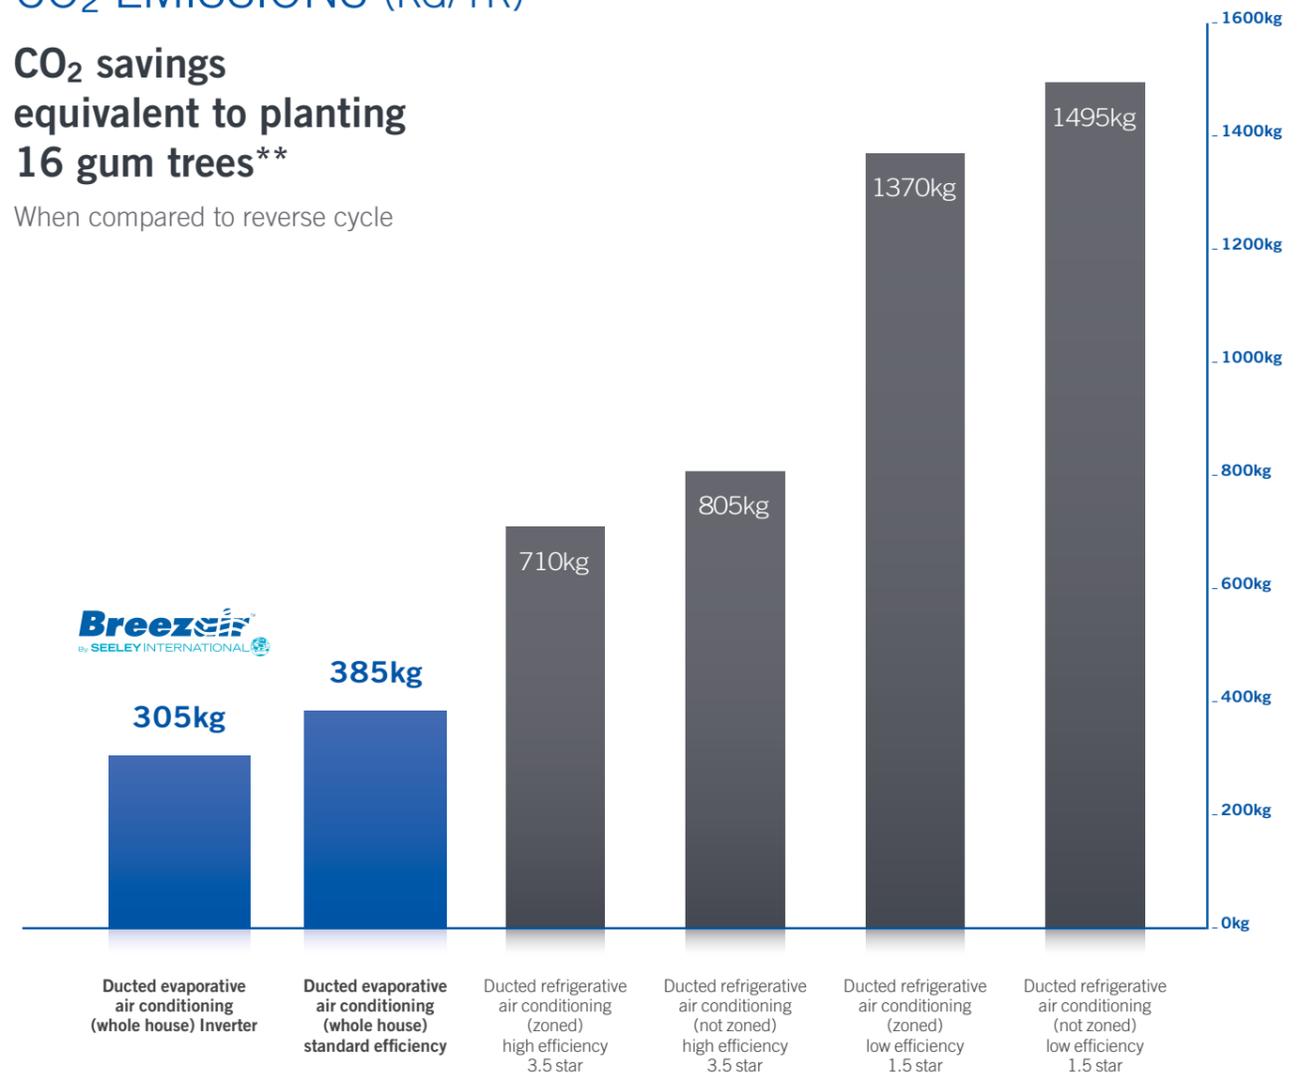

REDUCED GREENHOUSE GAS EMISSIONS

Up to 80% less CO₂ emissions than ducted reverse cycle*

CO₂ EMISSIONS (KG/YR)

CO₂ savings equivalent to planting 16 gum trees**

When compared to reverse cycle

* Seeley International's calculation based on approximate running costs figures from publically sourced data. Comparison with 2 star not zoned ducted refrigerative system in a large size (220m²) 2-star pre 2005 house in a Melbourne climate, cooling all day on the weekend and in the morning and evenings when internal temperatures are high.

**This is an estimate based on the CO₂ calculation above and using the data from forestlearning.edu.au, 'Carbon and its storage in forest and wood products' article, published 2011. Calculation based on a spotted gum tree that sequesters 72kg CO₂/YR.

MAGIQTOUCH® CONTROLLER

Smart, sophisticated and incredibly intuitive, your MagIQtouch® controller makes operating your Breezair, a breeze. Control the temperature, fan speed and many more features on a user friendly touch screen. Discreet and modern design will blend seamlessly into the décor of your home.

TECHNOLOGY THAT PUTS YOU AND YOUR TOUCH SCREEN IN CONTROL

High IQ touch screen, wall mounted controller

MAIN FEATURES

PROGRAM MODE

Programmable 7 day, 4 time period program, customisable to suit your lifestyle (including a temporary over-ride function).

AUTO-CLEAN™ FUNCTION

World's first fully automated pad cleansing capability enables you to set and forget ensuring your cooling pads remain clean, fresh and functional all summer long, season after season.*

*Only for cooler models fitted with the water management system. Ask your dealer for further information.

ENERGY SAVING QUIET MODE

When turned on, the energy saving quiet mode automatically reduces fan speed overnight for even greater economy and whisper-quietness.

CHILD ACCESS LOCK

Select a pin code to restrict access to your controller.

MagIQtouch® controller shown at actual size

OPTIONAL EXTRA

MAGIQTOUCH® AIR SENSOR

MagIQtouch® Air Sensor monitors temperature and humidity levels. It allows you to mount your MagIQtouch® controller in the most convenient place in your home, as the MagIQtouch® Air Sensor will then take over temperature control from the MagIQtouch® controller. This can then be located in the best place in the house to ensure ultimate cooling comfort for everyone.

INTRODUCING MAGIQTOUCH®

Wi-Fi SMART APP*

Control your cooling comfort needs directly from your pocket! For example, turn on your cooler wherever you are, ensuring you come home to a cool home on those hot summer days. The smart app is free and available for download on your smartphone.

Available for download now on iOS and Android

SMART HOME INTEGRATION*

Control temperature and fan speeds with your voice through Amazon Alexa and your Google Assistant® technologies. Voice commands are easy and simple to use, like “Alexa, turn on my Cooler” or “Hey Google, set the Cooler to 21 degrees”.

EXCLUSIVE TO CMSI EXTERNAL AIR SENSOR**

- Displays current outside temperature
- Intuitively optimises water and energy usage based on outside ambient conditions
- Extends the life of your air conditioner by automatically draining the water tank when temperature nears freezing

*Requires MagIQtouch® Wi-Fi kit, compatible MagIQtouch® controller and MagIQtouch® account to operate.
*Requires Wi-Fi, Google Account and a compatible device. Google and Google Home are trademarks of Google LLC.

**Only available on Breezair EXS models

BREEZAIR DUCTED EVAPORATIVE AIR CONDITIONING

FEATURES AND BENEFITS

HIGHLY DURABLE AND NON-CORROSIVE OUTER CASING

- High performance Permatuf® polymer construction will not corrode or rust

ICON® SERIES FAN IS ULTRA-QUIET

- Designed to deliver optimum air output at all times
- Ultra-quiet centrifugal fan with 10 speeds
- Use "Fan Only" mode (no water) to blow fresh air through the home and expel odours

HUSHPOWER® DIRECT DRIVE INVERTACOOOL MOTOR USES LESS ENERGY

- Exclusive to Breezair and manufactured in Australia
- Incredibly quiet and efficient throughout operating range
- Unsurpassed reliability
- Corrosion proofed throughout with parts that won't rust

POWER CONTROL MODULE HELPS SAVE WATER AND POWER

- Advanced electronics ensure maximum efficiency
- Microprocessor constantly analyses water quality, water consumption and power output
- Incredibly smart, exceptionally reliable and durable

DRAIN AND CLEAN FUNCTION

- Automatic water draining when the system is not in use avoids ongoing algae growth

Only available with selected MagIQtouch controller models. Regular maintenance (typically every 2 years for domestic use) is still required.

BREAKTHROUGH MINI-CELL[^] CHILLCEL[®] PAD TECHNOLOGY

- The only evaporative cooling pads fully manufactured in Australia to suit the harsh Australian climate, and is an absolute over-performer!
- Breakthrough pad formulation has resulted in having 25% more surface area dramatically improving cooling efficiency
- Enhanced small cell design provides cutting edge levels of cooling capacity

[^]Patent pending

EXCEPTIONAL WATER DISTRIBUTION INCREASES COOLING EFFECT

- Unique to Breezair, this Australian design ensures constant, even pad saturation increasing the cooling effect and outperforming competitor products

WATERMISER[®] SAVES WATER

- Uses the minimum amount of water to achieve high efficiency cooling
- Water quality monitoring to maximise water savings
- Leak detection when the unit is in use

WEATHERSEAL[®] REDUCES DRAUGHTS AND DUST

- Automatic sealing system
- Reduces need for winter cover

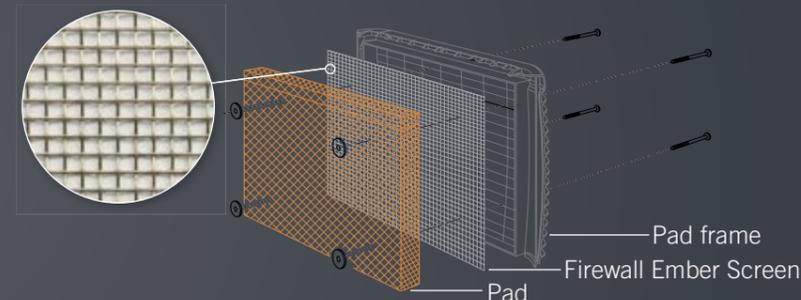

TORNADO[®] PUMP THAT WON'T BLOCK

- Australian designed and manufactured
- Exceptional reliability in extreme conditions
- Dual directional – it can't block!

OPTIONAL EXTRA FIREWALL EMBER SCREEN

- Helps guard against ember attack in bushfires
- Made from non-combustible mesh
- Maximum aperture of 2mm
- Can be fitted to existing cooler pad frames
- Minimal reduction in air flow of 5%

- To meet the BAL rating, the cooler also requires a firewall auto seal installed
- Fitting both ember screen and auto seal to comply with BAL will reduce airflow by up to 15%

BREEZAIR DUCTED EVAPORATIVE AIR CONDITIONING RANGE

SUPERCOOL

Enjoy superior cooling with Breezair Supercool

This premium range has extra thick Chillcel pads, producing up to 13% more cooling when compared to the Icon range. Breezair Supercool is only available from your Climate Masters of Seeley International specialist.

	EXS160	EXS180	EXS200	EXS220
Cooling capacity (kW)	11.4	13.1	14.3	15.1
Nominal power motor (W)	550	750	1100	1500
Width (mm)	1160	1160	1160	1160
Depth (mm)	1160	1160	1160	1160
Height (mm)	860	860	860	860
Operating weight (kg)	94	94	94	94
Airflow (L/sec)	1720	2060	2320	2540

ICON

The Breezair Icon range is a proven high performer, cooling your whole home and saving you on energy costs.

	EXQ150	EXQ170	EXQ190	EXQ210
Cooling capacity (kW)	10.8	11.6	13.8	14.5
Nominal power motor (W)	550	750	1100	1500
Width (mm)	1160	1160	1160	1160
Depth (mm)	1160	1160	1160	1160
Height (mm)	860	860	860	860
Operating weight (kg)	90	90	90	91
Airflow (L/sec)	1720	2070	2290	2540

The above data was drawn from Meridian Test Laboratory's test analysis. The testing was performed by a NATA accredited laboratory to the requirements of the Australian standard AS2913-2000 "Evaporative Air Conditioning Equipment." Achievable with ambient 38 °C DB, 21 °C WB, room temperature 27.4 °C.

AVAILABLE COLOURS

Slate grey*

Beige*

Terracotta*

Heritage green*

*Colours may vary. Heritage green made to order.

KEEP YOUR HOME SECURE

Did you know you can cool your home when you're out and about without leaving your doors and windows open?

Ask your dealer about installing a cost effective and easy to install **Security Relief Vent** in your home, allowing you to run your evaporative air conditioner while you are out, with all your windows and doors safely closed and locked.

When you return home, simply open up your windows and doors as normal, maintaining the fresh cool air throughout your home and open living areas.

LOOKING FOR A COMBINED COOLING AND HEATING SOLUTION?

Seeley International's range of products also includes ducted gas heating that complements your evaporative air conditioning system. Take advantage of controlling your cooling and heating systems from the same controller – the innovative touch screen MagIQtouch® Controller.

Ask your dealer for the right solution for your home.

PEACE OF MIND WITH OUR SPECIALIST DEALER NETWORK

Members* of Climate Masters of Seeley International are heating and cooling experts, and provide a level of service you won't get anywhere else.

*Members are independent retailers.

-  Unsurpassed professionalism and expertise
-  Unrivalled quality service
-  Aftercare that really delivers
-  Reliability
-  Exclusive Supercool range

COMPREHENSIVE WARRANTY

For complete peace of mind, Breezair backs every one of its air conditioning systems with an industry leading comprehensive warranty program.

This includes a 7 year warranty* (with a compulsory chargeable service in the fourth year), 10 year cover on all structural components, plus a hefty 25 year cover against corrosion, on its Permatuf® cabinets.

Please refer to your home owner's manual for all service and warranty terms and conditions.

REGISTER YOUR WARRANTY AND GO INTO THE DRAW TO WIN \$500 WORTH OF PRIZES**

Prize includes 2 free services (up to the value of \$400) and a \$100 eftpos gift card

All you need is your home owners' manual then:

- Go to seeleyinternational.com RESIDENTIAL section and click on 'Support' at the top of the page
- Go to 'Register a product for warranty'
- Have your serial number ready.

**Terms and conditions apply. See seeleyinternational.com for more information, including the dates of the promotion.

BREEZAIR NATIONAL SERVICE NETWORK

Seeley International has established a highly trained national network of approved Service Agents who are only a phone call away. Should you need to contact a Service Agent, please call 1300 650 644.

*The 7 year comprehensive warranty is available exclusively (i.e. only) from Seeley International participating dealers. The warranty has terms and conditions, including the requirement for servicing of the product in accordance with the owner's manual. In the fourth year the service must be performed by Seeley International or its appointed nominee.
